National Biochemicals Corp. (NBC), is a full service raw material manufacturer and supplier to the biochemical industry. We are dedicated to satisfying our customers' most demanding requirements. Our mission is to improve life through creative biochemistry by providing products and services to the biopharmaceutical industries, wholesale distributors, O.E.M. suppliers and other providers of high purity biochemical based products. NBC supplies ACS, Reagent, U.S.P., E.P., Ultrapure, Biotech, Molecular Biology, and many other quality grades of chemicals to meet your specific requirements.

NBC has several overseas joint venture partners. NBC and its business partners are US FDA registered and follow cGMP procedures. We specialize in assisting our customers with difficult sourcing requirements fulfilled through our extensive global network of manufacturing capability and distribution experience.

NBC was founded in 1992 and is managed by biotechnology professionals with over thirty-five years of biochemical industry experience in R&D, manufacturing and marketing.

Our Product Line includes:

- | | |
|---|---|
| <input type="checkbox"/> Biotechnology Reagents | <input type="checkbox"/> Custom Product Manufacturing |
| <input type="checkbox"/> Buffers | <input type="checkbox"/> Molecular Biology Reagents |
| <input type="checkbox"/> Bulk Pharmaceuticals | <input type="checkbox"/> Ultrapure Reagents |
| <input type="checkbox"/> ACS Reagents | <input type="checkbox"/> Carbohydrates |

Services are focused on maximizing customer satisfaction, we offer:
